AUTOMATED TEE TIME RESERVATION SYSTEM 781-843-9781

The Automated Tee Time Reservation System is used for reserving tee times seven (7) days a week. **All times on weekends or weekdays are accessible by either permit or greens fee players.** All tee time reservations can be made starting at 8:00 P.M. **five** days prior. *Example: You can call Monday at 8:00 P.M. for Saturday tee times, Tuesday at 8:00 P.M. for Sunday tee times, etc.* When you call, you will hear a welcome message and information on how to proceed. Only touch-tone phones can be used with this reservation system.

If you are playing with other permit holders in your twosome, threesome or foursome, you are required to enter the permit number of each permit player in your group when making the reservations. If a permit holder books a tee time with the # sign (indicating a greens fee player in the group) and shows up on the day of play with a permit holder instead, those permit holders will be placed on the bottom of the "singles list" for that day and the person who made the tee time will be teamed with players off the top of the "singles list". This policy has been adopted to discourage any intentional misuse of the tee time system. The Pro Shop personnel are required to enforce this policy.

The only way to edit an established tee time is to first cancel it and then rebook it if time is still available. This policy change will encourage callers to put all the correct permit numbers into the system when tee times are first booked.

Any golfer, who reserves a tee time but fails to arrive and register at the Pro Shop **at least 15 minutes** prior to that reserved tee time, along with all golfers scheduled to play in that tee time group, will forfeit that tee time. Any golfer who fails to notify the Pro Shop **at least 1 hour** prior to the reserved tee time that they won't be using the tee time "as reserved" and this occurs **three (3)** times during a season will forfeit any future eligibility to use the automated tee time system for up to the remainder of the golf season. This means if a foursome is reserved, but only a threesome or twosome arrives to play **at least 15 minutes** prior to the scheduled tee time and there was no phone call to the Pro Shop **at least 1 hour** prior to the tee time by the other(s) in that group, the one who made the reservation will be held responsible. If golfers fail to arrive on time due to inclement weather this would be taken into consideration by staff. The decision of the Pro Shop personnel is final for the administration of this policy at the Golf Course on behalf of the Board of Parks and Playgrounds Commission.

****Permit holders who wish to play as a "single" may access the Automated Tee Time and will automatically be paired up with twosomes or threesomes only. ****

Your annual permit entitles you to play at the Golf Course starting March 1, 2008 through December 31, 2008 provided the golf course is open for play. Permit holders are reminded that purchase of a permit is a privilege, not a right. The abuse to property, course personnel and or violation of course rules & regulations will be sufficient cause for suspension and possible revocation of the permit without refund.
